

Nurturing Knowledge SCHOOL

School Age Programs

Nurturing Knowledge School's After School programs operate from September to June.

Annual tuition is based on the number of program days in the school year divided into ten (10) equal monthly payments. Tuition is not charged for holidays nor scheduled closures.

Tuition is paid by Direct Tuition Payment (DTP) via checking/savings auto draft, debit or credit card, and is debited between the 1st - 5th of each month. A 3% surcharge is applied to debit or credit card payments. If funds are not available, you will incur a \$45 NSF fee, to be included in the redraft of your monthly tuition via DTP.

There is no credit given for unexpected school closures due to inclement weather or unforeseen events, nor for personal days missed, such as for vacations or illness.

A \$400 enrollment deposit is required for each child enrolled in our After School program, due and payable upon enrollment. This deposit will be applied to your last month's tuition, except in the case of a withdrawal.

If you withdraw your child from their upcoming enrolled school year, or during their currently enrolled school year, enrollment deposits will be forfeited. Please see our Parent Handbook for full withdrawal policy.

A non-refundable \$200 annual registration fee is assessed for each child enrolled in our After School program, due upon enrollment for each school year. (For mid-year enrollment, the annual registration fee is not pro-rated). This annual fee also covers Drop-in, Full Day, and Summer Camp registrations.
